Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. You don't need any special software installed to be able to download your files. So try our free and simple filehosting service now. There are no restrictions on the number of times a file can be downloaded. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. It is also allowed to link to the download page from websites and communities.Alternatively you can choose to share your download links on blogs, forums and social networking sites. Files can be downloaded from any computer from ourhigh speed servers. You decide who you want to share your files with. You can upload any type of file (movies, music, documents, images, zip files and more).No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. You can give this download link to yourfriends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in datastorage fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Using file, you can circumvent those limits without paying to upgrade your team chatservice. The cost of that data transfer is covered by your internet service or the data plan on your phone. Why pay storage fees for a file that you just wanted tosend to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or sendyour download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We have no filesize limit. If only we could, we surely would! On the other hand, using file can actually save you money. Simply upload your file and share the link. Just uploadthe file you want to share with your friends and we send you a download link to your file. Our service is completely free for everyone. Unfortunately, we can'tmake that part free. File is free to use with no gotchas and no hidden fees.
