Maybe even better than free.

Simply upload your file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your files. Our service is completely free for everyone. You decide who you want to share your files with. If only we could, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Files can be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. File is free to use with no gotchas and no hidden fees. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. filehosting provides an easy possibility for you to send large files to yourfriends. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to get started. You can upload any typeof file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service.When you use file, you avoid storing the file you're sending in your cloud storage or mail server. So try our free and simple filehosting service now. You cangive this download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. We have no file size limit. Just upload the file you want to share with your friends and we send you a download link to your file. It is alsoallowed to link to the download page from websites and communities.
