Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Our service is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can't make that part free. We have no file size limit. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand, using file can actually save you money. Simply upload your file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share your files with. You can upload any type of file (movies, music, documents, images, zip files and more). There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download linksonly to friends or family. It is also allowed to link to the download page from websites and communities. Any file in any format can be uploaded anddownloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. filehosting provides an easy possibility for you to send large files to yourfriends. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. You don't need any special software installedto be able to download your files. Files can be downloaded from any computer from our high speed servers. You can give this download link to your friends bymail or instant messenger.
