Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download your files.No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. Simply upload your file and share the link.We have no file size limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Just upload the file you want to share withyour friends and we send you a download link to your file. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. Unfortunately, we can't make that part free. You decide who you want to share your files to your friends. The cost of that data transfer iscovered by your internet service or the data plan on your phone.
