File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service or the data plan on your phone. Whenyou use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. If only we could, wesurely would! On the other hand, using file can actually save you money. We have no file size limit. Your wallet will be none-the-lighter! Just so we're all100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You don't need any special software installed to be able to download your files. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. Our service is completely free for everyone. Just upload the file you want to share with your friends and we send you a download link to yourfile. Keep your files private, or send your download links only to friends or family. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Any file in any format can be uploaded anddownloaded for free. Simply upload your file and share the link. So try our free and simple filehosting service now. You can upload any type of file (movies,music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. You decide who you want to shareyour files with. You can give this download link to your friends by mail or instant messenger. There are no restrictions on the number of times a file can bedownloaded. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. No account or credit card is required to get started. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventu
