We currently support Evernote one-way auto publish only. I must say that the app has a beautiful interface and the array of possibilities but I really don't like the lag. We'd love to hear from you!write to us at noteshelf(at)fluidtouch.biz!Happy note-taking! I would like if you could reshape your shapes after drawing and if you could fill in the shapes. You can type, annotate PDFs & record audio.You can also personalize your notes with beautiful covers and organize them the way you want. Our fountain pen makes your handwriting look gorgeous!SEARCH/ CONVERT HANDWRITTEN NOTES/ OCRYou can search through the notes taken on your own handwriting and even convert handwriting to text. Get them for free when you sign up for the Noteshelf Club!Find paper templates for student notes, meetings memos, to-do lists, shopping lists, personal health trackers, journals, and many more!SOME MORE FEATURES!Phone and iPad support. i wanted to annotate a pdf on ios and it was the worst experience ever. What's more - you can sync and share them with your colleagues, friends, and family!FLUID HANDWRITINGExperience natural writing in Noteshelf!As smooth and fluid as writing on a notepad. The developer does not collect any data from this app. Take beautiful notes in your natural handwriting just as you would on a notepad, but only better.
